

## Workshop and Matchmaking Event "Transport, Logistics and advanced GPS systems"

March 31st, 2010 at Science and Technology Park "Luigi Danieli", Udine

The event's program consists of a first session in which a presentation about EU Fund opportunities for joint research projects made by the EC officer Michel Bosco will precede a plenary session where participants – SMEs, investors, universities, public administrations and public utilities, private companies etc. – will present themselves, their needs and the solutions offered.

A lunch-buffet will be offered in order to give both ICT suppliers and lead users in the field of Transport and Logistics the opportunity to meet and have 1-to-1 meetings.
